The Assessor has carefully studied all the available information, giving particular attention to the specifics included on your protest. The Assessor's determination of value after review is based on the following:

The actual value of the property is determined by appropriate consideration of the approaches to appraisal set forth in § 39-1-103(5)(a), C.R.S.

Thank you for letting us review your property.

If you disagree with the Assessor's decision, you have the right to appeal to the County Board of Equalization for further consideration, § 39-8-106(1)(a), C.R.S.

The deadline for filing real property and personal property appeals is September 15.

The Assessor establishes property values. The local taxing authorities (county, school district, city, fire protection, and other special districts) set mill levies. The mill levy requested by each taxing authority is based on a projected budget and the property tax revenue required to adequately fund the services it provides to its taxpayers. The local taxing authorities hold budget hearings in the fall. If you are concerned about mill levies, we recommend that you attend these budget hearings. Please refer to last year's tax bill or ask your Assessor for a listing of the local taxing authorities.

Please refer to the reverse side of this notice for additional information.

APPEAL PROCEDURES

County Board of Equalization Hearings will be held from September 1 through November 1 at Gunnison County Courthouse or Blackstock Government Center.

To appeal the Assessor's decision, complete the Petition to the County Board of Equalization shown below, and mail or deliver a copy of both sides of this form to:

Gunnison County Board of Equalization
200 E Virginia Ave
Gunnison, CO 81230
(970) 641-0248

To preserve your appeal rights, your Petition to the County Board of Equalization must be postmarked or delivered on or before **September 15 for real property and personal property** – after such date, your right to appeal is lost. You may be required to prove that you filed a timely appeal; therefore, we recommend that all correspondence be mailed with proof of mailing.

You will be notified of the date and time scheduled for your hearing. The County Board of Equalization must mail a written decision to you within five business days following the date of the decision. The County Board of Equalization must conclude hearings and render decisions by November 1, § 39-8-107(2), C.R.S. If you do not receive a decision from the County Board of Equalization and you wish to continue your appeal, you must file an appeal with the Board of Assessment Appeals by December 8, § 39-2-125(1)(e), C.R.S.

If you are dissatisfied with the County Board of Equalization's decision and you wish to continue your appeal, you must appeal within 30 days of the date of the County Board's written decision to ONE of the following:

Re: Written appeal of assessed value for Account #R027640

Dear Sir or Madam:

My estimate of the property's value as of June 30, 2018 is **$539,700** consisting of a Land Actual Value of **$75,000** and a Building Actual Value of **$464,700**.

Land Actual Value

The land consists of two lots in the Eagles Rest Subdivision which is located in a remote area in the southwest corner of Gunnison County along County Rd 858 (Cimarron Road) approximately 12 miles south of Highway 50. (See attached plat map) During the evaluation period, no vacant lots were sold in the Eagles Rest, Silverjack, Little Big Horn, or Bearclaw subdivisions which are the closest surrounding subdivisions to the subject property.

The next closest major subdivision with vacant lot sales during the evaluation period is Arrowhead approximately 10 miles to the northeast. My estimate is based on the 33 qualified sales in the Arrowhead subdivision during the evaluation period as listed in the county's PUBLIC INFO - SALES 5.1.2019.xlsx spreadsheet. The lots in Arrowhead are 1.0 acre with common area between lots which make the lots appear larger than the 1.0 acres.

Both of these subdivisions have common terrain, views, vegetation, and have water, electricity, and road access for building homes on the lots so are very comparable. I have included the data from the above document for the Arrowhead Subdivision in the attached table entitled Arrowhead Property Sales. There were **33 sales** during the evaluation period in Arrowhead with an average sales price of $36,877 and a median sales price of $37,500.

The average 2019 Assessor actual value for the 33 lots in Arrowhead that sold during the 18 month evaluation period was $35,532 and the median was $39,010 with a range from $15,510 to $78,020.

The lack of sales in the Eagles Rest, Little Big Horn, Silverjack, and Bearclaw subdivisions over the past three years even though several lots have been listed for sale during this period indicates a lower level of interest in this area over the Arrowhead area by the market. One lot in Eagles Rest Phase 2&3 Combined subdivision, account number R033760 (4.02 acres), sold just before the evaluation period on 9-9-2016 for $20,000 which is also an indicator of the lower value for this area. The assessor lists this sale as nonqualifying because it wasn't listed on the market; however, it is the only lot that has sold with at least 3 other lots listed on the market during the last five years.

As far as fair and equal treatment of lots in the same area, the assessed value of the two combined lots totaling 3.28 acres on which the house is located should be equivalent to the lots of 4 or 5 acres in size such as account numbers R033760 and R033757 which are in the Eagles Rest Phase 2&3 Subdivision and have an assessed value of $64,400. In addition, the lots adjacent to the subdivision along County Rd 858 have a 2019 assessed total land value ranging from $30,030 for 1.07 acres (acct #: R070989) to $49,210 for 7.71 acres (acct#: R070955) which seems to be much closer to the current fair market price and considerably less than the assessed value assigned to lots in Eagles Rest Phase 1, Eagles Rest Phase 2&3 Combined, and Little Big Horn. See the attached table entitled Eagles Rest and Surrounding Subdivisions along with the plat map showing the account numbers.

My estimate of the property's value of **$75,000** for two lots is based on 2 times the median sales price ($37,500) for the 33 lots in the Arrowhead subdivision during the 18 month examination period. These sales represent the fair market value of remote, wooded lots of approximately 1 acre in a subdivision with utilities installed and available for building a single family home.

Building Actual Value

My estimate of the building actual value is based on an evaluation of the Assessor assigned values for 2019 for very similar homes in the same subdivision along with a comparison to actual sales in the examination period. I believe there may be an error in the calculation for R027640 as it is extremely high compared to the other homes of similar age, design, and quality.

I have attached a table entitled Eagles Rest and Surrounding Subdivisions listing the homes in the Eagles Rest Phase 1 Subdivision, Eagles Rest Phase 2&3 Subdivision, homes adjacent to the subdivision on Cnty Rd 853, and Little Big Horn Subdivision with the applicable 2019 Assessor data for each home. I have also attached a composite of the Assessor's file pictures of the homes. Five of the eight homes were built from late 1990 to early 1992 by Frontier Log Homes and are of similar design, materials, and quality. They differ in square footage and whether or not the first level was built into the side of the hill but still with walkout access to the exterior making it a finished basement versus not being considered a basement.

As shown in the table, when the land value is subtracted from the 2019 Assessor's Valuation and the resulting building value is divided by the total livable square feet the value per square foot ranges from **$158** to **$204**. The median value of the five homes is **$162**/sq ft.

The other two homes in the subdivision are of a different design and one had a major remodel in 2011. One home was built last year in Eagles Rest Phase 2&3 Combined Subdivision (R033760) and is also not comparable.

An additional Frontier Log Home of similar design and size is situated just below this subdivision on County Rd 858, Account NumberR070955. An additional structure was built on this property in 2011 adding 1168 livable square feet resulting in a value per square foot of **$149** based on the 2019 Assessed Actual Value. This property which consists of 7.71 acres has a 2019 Actual land value of $49,210 which is considerably less than the actual land value assigned to the 3.28 acres of the subject property ($128,800) or the $64,400 assigned to every other lot in Eagles Rest Phase 1, Eagles Rest Phase 2&3 Combined, and Little Big Horn Subdivision regardless of lot size.

The closest similar sale during the examination period is one home in the Bearclaw subdivision, R014577. I have also selected three similar homes from the Arrowhead Subdivisions with sales during the examination period for comparison. The data is included in the table entitled Equivalent Sales along with pictures from the Assessor's site of each property. For two of the homes, the Assessor's 2019 Actual Value is fairly close to the sales price. The other two show one with a much higher Actual Value and one with a much lower Actual value than the sales price. The three comparable homes in Arrowhead have a median Value per livable square foot of **$121** while the one sale in Bearclaw shows a Value per livable square foot of **$166**.

The median Actual Value assigned by the Assessor for the three homes in Arrowhead should be the best estimate of the fair market value of these remote mountain homes during the examination period. The Assessor's Actual Value for the equivalent log home, R070955, located just below our subdivision appears to more accurately reflect this fair market value with an adjustment for actual log homes versus milled log homes as the comparable sales.

Therefore, I have estimated the Building Actual Value to be $150 per square foot times 3098 livable square feet in the subject property for a total value of **$464,700**.

Combining the Land Value of $75,000 and the Building Value of $464,700 results in my estimated value as of June 30, 2018 of **$539,700**.

Please notify me of your receipt of this notice of protest and any additional correspondence at the e-mail listed below:

Respectfully,

Russell Gillis
