The Assessor has carefully studied all the available information, giving particular attention to the specifics included on your protest. The Assessor's determination of value after review is based on the following:

The actual value of the property is determined by appropriate consideration of the approaches to appraisal set forth in § 39-1-103(5)(a), C.R.S.

Current value is supported by sales of most comparable land parcels

If you disagree with the Assessor's decision, you have the right to appeal to the County Board of Equalization for further consideration, § 39-8-106(1)(a), C.R.S.

The deadline for filing real property and personal property appeals is September 15.

The Assessor establishes property values. The local taxing authorities (county, school district, city, fire protection, and other special districts) set mill levies. The mill levy requested by each taxing authority is based on a projected budget and the property tax revenue required to adequately fund the services it provides to its taxpayers. The local taxing authorities hold budget hearings in the fall. If you are concerned about mill levies, we recommend that you attend these budget hearings. Please refer to last year's tax bill or ask your Assessor for a listing of the local taxing authorities.

Please refer to the reverse side of this notice for additional information.

Re: Drilbert Engineering Inc.
2019 Real Property Protest
Lots 6, 7 and 8 Abril Meadows Filing II

Dear Mr. McDonald,

We represent Drilbert Engineering Inc. which owns the three above mentioned lots in the small 7 lots Abril Meadow Filing II Subdivision located about 3 miles north of Gunnison. As I stated in my email to you on June 6 I will provide the reasons why we believe the three lots in question are valued too high. I will explain it more fully below but the bottom line is that the installation of the infrastructure improvements required by Gunnison County which is required before any sales can take place is very tangled up primarily because the developer was irresponsible, has since disappeared and it is going to take time, effort and substantial financial resources to untangle it. A description of the problems is below.

The project name is Abril Meadows Filing II. It was created by a lady with several names. She is known mostly as April Asta. Another name, which was used in litigation related to the project, is Rachel LaPore. April created the subdivision and subsequently disappeared which makes it very difficult for the remaining owners to complete the subdivision so they can sell lots.

I have attached copies of the plat (not very legible even the copy I have), Planning Commission Recommendation for Final Plan, Resolution by County Commissioners Approving the Final Plan and Lot Sales Restriction. I have not attached the Covenants because some of the pages are too light and hard to read but they are not particularly relevant for the purposes of this Protest.

EXHIBIT B

The Lot Sales Restriction requires the completion of specific infrastructure improvements, or a Development Improvement Agreement with security bond, before any lots can be sold. The infrastructure improvements first require a plan outlining them and road specifications and then septic tanks or sewer which can be tied on to the County system which is nearby; electrical extension; telephone extension; construction of road which is an internal road rather than separate road access permits for each lot; Reclamation Permit, and central mail box.

There are several problems. The biggest is that the client is unable to contact all of the owners. Another is that April Asta owns one lot and the land on which the road must be constructed and she cannot be located. Therefore they cannot obtain the financial support from everyone or permission from April to construct the road on the property. The client would like to look at alternatives to having to construct everything up front. For example, he would like to forego the telephone requirement and allow persons to use cell phones. There may be other problems.

I have tried several times to get County Planning to agree to relax the requirements and consider alternatives but so far they have been inflexible and have not been willing to talk about possible revisions unless the lot owners file an application with the County to revise the prior land use approval. It will be necessary to get approval of a change, of course, but so far they have not been willing to discuss it. The Deputy Planner who had been handling it is no longer with the County and it is possible that there will be more flexibility in the future.

I would appreciate it also if you can provide me with the valuation of the other lots in the subdivision.

I will call you to set up a time when we can meet to discuss the matter.

Sincerely,

LOT SALES RESTRICTION REGARDING FILING II OF ABRIL MEADOWS

THIS LOT SALES RESTRICTION is entered into this 1ST day of FEBRUARY 2005 by and between April Asta, herein referred to as "Developer", whose address is 364 Los Ranchos RD NW, Albuquerque, New Mexico 87107, and the Board of County Commissioners of the County of Gunnison, Colorado, herein referred to as "County", whose address is 200 E. Virginia, Gunnison, Colorado 81230:

The Developer and the County fully understand and, for valuable and adequate consideration including the covenants below, agree to the following:

1. The legal description of the real property that is the subject of this Lot Sale Restriction is set forth in Appendix A attached hereto and incorporated herein, and is recorded in the records of the Clerk and Recorder of Gunnison County, Colorado at Reception No: 550594 and is referred to herein as the "Property" or "Abril Meadows, Filing II"

2. The Developer has submitted to the County the Developer's application for a land use change of the Property, referred to herein as "Land Use Change Permit No: 1996-09".

3. Approval of such application by the County expressly contemplates that the Developer complete, or cause to be completed, certain improvements, identified herein at Appendix B attached hereto and incorporated herein, referenced herein as the "Improvements"

4. Approval of such application requires that Developer must enter into a development improvements agreement in a form approved by Gunnison County and secured by sufficient collateral, to ensure completion of the Improvements, or in the alternative, requires that the Developer must agree not to sell any lots or units prior to completion of all the Improvements to the satisfaction of the County.

5. In lieu of currently executing and providing security for a development improvement agreement, the Developer and County agree that no lot in the Property nor any portion of the Property, will be offered for sale, sold or conveyed, nor can any building be built on the Property until all of the Improvements are completed and fully accepted by the County

[illegible] shall not initiate any of the improvements without seven (7) days prior Advance Notice to the Director of Public Works, Gunnison County.

[illegible] Licensed Engineer retained by the Developer at its expense shall certify to the County whether the Developer's construction obligations regarding improvements under this Agreement have been fully and faithfully performed according to location and design specifications contained or referenced in Addendum B. Upon receipt of such certification, the County shall review the same and shall make an independent judgment whether to accept the same in the sole discretion of the County. Developer agrees not to cover or otherwise prevent inspection of the improvements constructed hereunder until Developer's engineer and the County's representative have had reasonable opportunity to inspect such improvements.

[illegible] shall provide to the County Attorney a sworn affidavit, signed by the Developer's authorized representative, that the improvements completed have been paid in full by the Developer. The Developer shall be responsible for the information in such affidavit. Said written certification will be reviewed by the County, but the County shall have no responsibility or liability to any party regarding the veracity of the information therein.

9. Upon completion of the improvements and the requirements of paragraphs 6, 7, and 8 and upon acceptance by Gunnison County of the work and after a time period of one year after the completion of improvements has expired, the parties shall execute and record a release of the Lot Sales Restriction. Lots may be sold prior to the end of such one year period if the Developer first provides financial security in an amount sufficient in the sole discretion of the Board of County Commissioners, to guarantee the collection of any deficiencies found in the improvements within a period of time not to exceed one year after the date of the completion of such improvements.

10. The Lot Sales Restriction shall also be released upon execution by the parties of a Subdivision Improvements Agreement in a form approved by Gunnison County secured by collateral of a type and amount acceptable to Gunnison County.

11. Developer expressly grants to the County the right to enjoin, and/or to compel rescission of any sale, conveyance, or transfer of title of any right in the Property or any portion of the Property in violation of this Agreement.

12. This Lot Sales Restriction is entered into in Gunnison County, Colorado and it is agreed that the exclusive jurisdiction and venue of any action pertaining to the interpretation or enforcement of this Lot Sales Restriction shall be in the District Court of Gunnison County, Colorado. The exclusive choice of law pertaining to this transaction shall be that of the State of Colorado without giving effect to Colorado choice of law principles.

13. If any action is brought in a court of law by any party or an owner as to the enforcement, interpretation or construction of this Lot Sales Restriction the prevailing party in such action shall be awarded its reasonable attorney's fees as well as all costs incurred in the prosecution or defense of such action

14. This Lot Sales Restriction shall be binding upon and inure to the benefit of, and can be enforced by the parties hereto, personal representatives, successors and assigns of the parties hereto

15. Nothing contained herein shall be construed to prevent the Developer from selling the entire development to a single purchaser who assumes the obligations of the Developer hereunder and agrees to be bound hereby

VALUATION INFORMATION

Your property was valued as it existed on January 1 of the current year. The value of residential property is based on the market approach to value. Generally, the value of all other property is based on consideration of the market, cost, and income approaches to value. The appraisal data used to establish value is from the 18-month period ending June 30, 2018, § 39-1-104(10.2)(a), C.R.S. If insufficient data existed during the 18-month data gathering period, data from each preceding six-month period (up to a period of five years preceding June 30, 2018) may be utilized, § 39-1-104(10.2)(d), C.R.S.

Most property in Colorado is revalued every odd-numbered year § 39-1-104(10.2)(a), C.R.S. The assessment rate for residential property is currently 7.20%, § 39-1-104.2(3), C.R.S. A change in the projected residential assessment percentage is not grounds for protest or abatement of taxes, § 39-5-121(1), C.R.S. Generally, all other property, including vacant land, is assessed at 29%, § 39-1-104(1), C.R.S.

YOU HAVE THE RIGHT TO PROTEST THE CLASSIFICATION AND/OR VALUATION OF YOUR PROPERTY.

VALUATION INFORMATION

Your property was valued as it existed on January 1 of the current year. The value of residential property is based on the market approach to value. Generally, the value of all other property is based on consideration of the market, cost, and income approaches to value. The appraisal data used to establish value is from the 18-month period ending June 30, 2018, § 39-1-104(10.2)(a), C.R.S. If insufficient data existed during the 18-month data gathering period, data from each preceding six-month period (up to a period of five years preceding June 30, 2018) may be utilized, § 39-1-104(10.2)(d), C.R.S.

Most property in Colorado is revalued every odd-numbered year § 39-1-104(10.2)(a), C.R.S. The assessment rate for residential property is currently 7.20%, § 39-1-104.2(3), C.R.S. A change in the projected residential assessment percentage is not grounds for protest or abatement of taxes, § 39-5-121(1), C.R.S. Generally, all other property, including vacant land, is assessed at 29%, § 39-1-104(1), C.R.S.
