Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

A Note on Using GDX

The Compensation and Pension (C&P); Education, Vocational Rehabilitation, and Employment (EVRE); and Insurance and Indemnities categories represent programs that Veterans or other beneficiaries must choose to participate in. The number of beneficiaries for these programs are not shown in GDX. Therefore, it is not recommended that the Veteran Population in Column B be used to create a "per person" or "average" expenditure for these categories, as the population is significantly different than the number of beneficiaries. The number of program participants for these categories can be found in the VBA Annual Benefits Report.

Similarly, it is not recommended that the population be used to create an average for Total Expenditures, Construction, Loan Guaranty, and General Operating Expenses, as these expenditures are either not spent directly on beneficiaries or also depend on the number of unique users.

Medical Care expenditures should be used with the number of unique patients. However, please note that a portion of the Medical Care expenditures are not spent directly on patients, such as prosthetic research.

FY16 Summary of Expenditures by State

Total expenditure figures for each category may vary from other sources of data. This can result for several reasons:
(a) Other sources may show Obligations or Net Outlays rather than Expenditures.
(b) GDX contains expenditures for all 50 states, the District of Columbia, Puerto Rico, and Guam. Other sources may present worldwide figures, may not include Puerto Rico and Guam, or may include another combination of geographic areas.
(c) Other sources may include programs that are excluded from GDX. GDX may also include programs that are excluded from other sources.

Background

Each Fiscal Year (FY), the Department of Veterans Affairs' (VA's) Office of Enterprise Integration (OEI) publishes the Geographic Distribution of VA Expenditures (GDX) report. This report provides the estimated dollar expenditures for major VA programs at the state, county, and Congressional District levels. Expenditure data are grouped by the following categories: Compensation and Pension, Education and Vocational Rehabilitation and Employment, Insurance and Indemnities, Construction, General Operating Expenses, Loan Guaranty, and Medical Care. Veteran population estimates at the state, county and Congressional District level and the number of unique patients who used VA healthcare services are also included in the report. The following information provides a brief description of the data included in the report, the methods used for data collection, and the sources of the data.

Veteran Population

As of FY 2016, the estimated Veteran population data by state and county are based on the VA VetPop2016 model. This model is VA's source for official estimates and projections of the Veteran population.

Compensation and Pension

FY15 GEOGRAPHIC DISTRIBUTION OF VA EXPENDITURES (GDX)

The Compensation and Pension (C&P) category includes expenditures for the following categories: compensation payments, pension payments, Dependency and Indemnity Compensation, and burial allowances. Most expenditures reported in this category reflect monthly payments made to individuals. Retroactive payments and one-time payments are also included. Data is obtained from USASpending.gov.

Education and Vocational Rehabilitation and Employment

Education and Vocational Rehabilitation and Employment (E&VRE) are separate programs, but are combined into one category for display purposes in GDX. Expenditures in this category include: automobile and adaptive equipment, specially adapted housing, Survivors' and Dependents' Educational Assistance (Chapter 35), Vocational Rehabilitation for Disabled Veterans (Chapter 31), Post-Vietnam Era Veterans' Educational Assistance (Chapter 32), Montgomery G.I. Bill for Selected Reserves (Chapter 1606), Reserve Educational Assistance Program (Chapter 1607), Montgomery G.I. Bill (Chapter 30), and Post-9/11 Veterans Educational Assistance (Chapter 33). Expenditure data for E&VRE are also obtained from USASpending.gov.

Insurance and Indemnities

The data reported for this category are provided by the VA Regional Office and Insurance Center (RO&IC) in Philadelphia, Pennsylvania. This category consists of VA expenditures for death claims, matured endowments, dividends, cash surrender payments, total disability income provision payments, and total and permanent disability benefits payments. It includes Veterans Group Life Insurance, National Service Life Insurance, Service Disabled Veterans Life Insurance, United States Government Life Insurance, Veterans Reopened Insurance, and Veterans Special Life Insurance. It does not include Traumatic Injury Protection Under Servicemembers' Group Life Insurance, Family Servicemembers' Group Life Insurance, or Servicemembers' Group Life Insurance. The RO&IC provides OPP with monthly extracts of payments to recipients by zip code for the purposes of aggregating these monthly payments by state, county, and Congressional District.

Construction and Related Costs

The Construction expenditures category includes funding for Major Projects, Minor Projects, Grants for Construction of State Extended Care Facilities, and Grants for Construction of State Veterans Cemeteries. The source of the Construction data is the Financial Management System (FMS).

General Operating Expenses

General Operating Expenses (GOE) represent the costs necessary to provide administration and oversight for the benefits provided by VA. This includes costs for overhead and human resources. This category does not include payments made directly to beneficiaries. The source of the GOE data is FMS.

Loan Guaranty

Prior to FY 2008, Loan Guaranty expenditures were included in the E&VRE category. Currently, all Loan Guaranty expenditures are attributed to Travis, Texas, where all payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and Congressional District levels.

Medical Expenditures

Medical expenditures data come from both the Allocation Resource Center (ARC) and FMS. The specific programs reported for this category are: medical care, General Post Fund, medical and prosthetic research, and miscellaneous accounts. Choice Act funds are also included.

Unique Patients

The count of unique patients is based on the home residence of the patient. The number of patients, along with associated county and Congressional District codes, are provided by the ARC.

FY15 GEOGRAPHIC DISTRIBUTION OF VA EXPENDITURES (GDX)

FY16 Summary of Expenditures by State
Expenditures in $000s

County/ Congressional District	Veteran Population*	Total Expenditure	Compensation & Pension	Construction	Education & Vocational Rehabilitation/ Employment	Loan Guaranty#	General Operating Expenses	Insurance & Indemnities	Medical Care	Unique Patients**

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

FY15 GEOGRAPHIC DISTRIBUTION OF VA EXPENDITURES (GDX)

FY16 Summary of Expenditures by State
Expenditures in $000s

County/ Congressional District	Veteran Population*	Total Expenditure	Compensation & Pension	Construction	Education & Vocational Rehabilitation/ Employment	Loan Guaranty#	General Operating Expenses	Insurance & Indemnities	Medical Care	Unique Patients**

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

FY15 GEOGRAPHIC DISTRIBUTION OF VA EXPENDITURES (GDX)

FY16 Summary of Expenditures by State
Expenditures in $000s

County/ Congressional District	Veteran Population*	Total Expenditure	Compensation & Pension	Construction	Education & Vocational Rehabilitation/ Employment	Loan Guaranty#	General Operating Expenses	Insurance & Indemnities	Medical Care	Unique Patients**
Notes:										

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

FY15 GEOGRAPHIC DISTRIBUTION OF VA EXPENDITURES (GDX)

FY16 Summary of Expenditures by State
Expenditures in $000s

County/ Congressional District	Veteran Population*	Total Expenditure	Compensation & Pension	Construction	Education & Vocational Rehabilitation/ Employment	Loan Guaranty#	General Operating Expenses	Insurance & Indemnities	Medical Care	Unique Patients**

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

FY15 GEOGRAPHIC DISTRIBUTION OF VA EXPENDITURES (GDX)

FY16 Summary of Expenditures by State
Expenditures in $000s

County/ Congressional District	Veteran Population*	Total Expenditure	Compensation & Pension	Construction	Education & Vocational Rehabilitation/ Employment	Loan Guaranty#	General Operating Expenses	Insurance & Indemnities	Medical Care	Unique Patients**

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditures in $000s

County/ Congressional District	Veteran Population*	Total Expenditure	Compensation & Pension	Construction	Education & Vocational Rehabilitation/ Employment	Loan Guaranty#	General Operating Expenses	Insurance & Indemnities	Medical Care	Unique Patients**

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

5. An asterisk (*) denotes a value less than ten (10) or suppresses the next smallest value to prevent imputing any counties with a value less than ten.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

Notes:

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.

** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

Expenditure data sources: USASpending.gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.

1. Expenditures are rounded to the nearest thousand dollars. For example, $500 to $1,000 are rounded to $1; $0 to $499 are rounded to $0; and "$ -" = 0 or no expenditures.

2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.

3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

4. Medical Care expenditures are allocated to the patient's home location, not the site of care.

* Veteran population estimates, as of September 30, 2016, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016).

Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.
