	TOTALS		$2,845,580	$2,483,660

The Assessor has carefully studied all the available information, giving particular attention to the specifics included on your protest. The Assessor's determination of value after review is based on the following:

The actual value of the property is determined by appropriate consideration of the approaches to appraisal set forth in § 39-1-103(5)(a), C.R.S.

The physical inventory of your property was corrected after our office completed an on-site inspection.

If you disagree with the Assessor's decision, you have the right to appeal to the County Board of Equalization for further consideration, § 39-8-106(1)(a), C.R.S.

The deadline for filing real property and personal property appeals is September 15.

The Assessor establishes property values. The local taxing authorities (county, school district, city, fire protection, and other special districts) set mill levies. The mill levy requested by each taxing authority is based on a projected budget and the property tax revenue required to adequately fund the services it provides to its taxpayers. The local taxing authorities hold budget hearings in the fall. If you are concerned about mill levies, we recommend that you attend these budget hearings. Please refer to last year's tax bill or ask your Assessor for a listing of the local taxing authorities.

Please refer to the reverse side of this notice for additional information.

Re: ***Protest and Appeal of Notices of Determination for: Lots 1-4, Block 27, Crested Butte, CO (R003352 – Donita's)***

Dear Gunnison County Board of Equalization,

I represent Elk Avenue Partners LLC ("EAP") and am writing to protest and appeal the Notice of Determination for the Donita's building. The Assessor's actual value for this property under its NOD is $2,483,660, which is approximately a 30% increase over the prior valuation.

There are no actual comparable buildings sold in Gunnison County during the appraisal period. As with other properties on Elk Avenue, the most accurate means to determine the value of this property is through a rental income and expense analysis. A substantial portion of the property has been occupied by a single tenant for approximately 20 years and that tenant will be going out of business at the end of this month. No other tenant can be located because of the poor condition of the property. The interior has not been updated in 20 years. The kitchen equipment needs to be replaced. Given that this restaurant occupies approximately 42% of the space, the necessity of upgrading almost half the building must be taken into consideration.

Ultimately, rental values are the best indicators of the physical characteristics. The actual income for the property less actual expenses, and using very conservative assumptions such as 100% occupancy, would place the maximum value of the property at $1,884,563.

Accordingly, EAP requests that the value be adjusted to $1,884,563.
