The Assessor has carefully studied all the available information, giving particular attention to the specifics included on your protest. The Assessor's determination of value after review is based on the following:

The actual value of the property is determined by appropriate consideration of the approaches to appraisal set forth in § 39-1-103(5)(a), C.R.S.

If you disagree with the Assessor's decision, you have the right to appeal to the County Board of Equalization for further consideration, § 39-8-106(1)(a), C.R.S.

The deadline for filing real property appeals is July 15.
The deadline for filing personal property appeals is July 20.

The Assessor establishes property values. The local taxing authorities (county, school district, city, fire protection, and other special districts) set mill levies. The mill levy requested by each taxing authority is based on a projected budget and the property tax revenue required to adequately fund the services it provides to its taxpayers. The local taxing authorities hold budget hearings in the fall. If you are concerned about mill levies, we recommend that you attend these budget hearings. Please refer to last year's tax bill or ask your Assessor for a listing of the local taxing authorities.

Please refer to the reverse side of this notice for additional information.

ATTACHMENT TO COUNTY BOARD OF EQUALIZATION PETITION OF G M WORSLEY INC ACCOUNT NOS. R024535, R032037, R032038, R032039, R032040, R032041

1. The Assessor has failed to give appropriate consideration to all the requisite approaches to valuation in determining the value of the property.

2. The current year actual value assigned by the assessor does not reflect the actual value of the subject property during the 18 month period ending June 30, 2012.

3. Upon consideration of all the approaches to value, values given to comparable land and improvements and upon consideration of the requirements of Colorado law that require that assessments be uniform, just and equitable, a reduction in the current year actual value of this property is warranted.

4. This Gunnison County project was built in 1995 and consists of six parcels of retail improvements only.

5. **Account No. R024535** consists of 1,428 sq. ft. The 2013 actual value of $175,430 which represents an increase of 36.5% over the 2012 value of $128,520 is excessive and should be reduced. The increased value is not supported by comparable sales data or the actual income performance of the property. The actual income supports a value of $86 per sq. ft. **Petitioner respectfully requests the value of this parcel be reduced to $122,808.**

6. **Account No. R032037** consists of 1,503 sq. ft. The 2013 actual value of $184,640 which represents an increase of 36.5% over the 2012 value of $135,270 is excessive and should be reduced. The increased value is not supported by comparable sales data or the actual income performance of the property. The actual income supports a value of $86 per sq. ft. **Petitioner respectfully requests the value of this parcel be reduced to $129,258.**

7. **Account No. R032038** consists of 1,515 sq. ft. The 2013 actual value of $164,640 which represents an increase of 34% over the 2012 value of $122,720 is excessive and should be reduced. The increased value is not supported by comparable sales data or the actual income performance of the property. The actual income supports a value of $86 per sq. ft. **Petitioner respectfully requests the value of this parcel be reduced to $130,290.**

8. **Account No. R032039** consists of 1,515 sq. ft. The 2013 actual value of $186,120 which represents an increase of 36.5% over the 2012 value of $136,350 is excessive and should be reduced. The increased value is not supported by comparable sales data or the actual income performance of the property. The actual income supports a value of $86 per sq. ft. **Petitioner respectfully requests the value of this parcel be reduced to $130,290.**

9. **Account No. R032040** consists of 1,503 sq. ft. The 2013 actual value of $184,640 which represents an increase of 36.5% over the 2012 value of $135,270 is excessive and should be reduced. The increased value is not supported by comparable sales data or the actual income performance of the property. The actual income supports a value of $86 per sq. ft. **Petitioner respectfully requests the value of this parcel be reduced to $129,258.**

10. **Account No. R032041** consists of 1,484 sq. ft. The 2013 actual value assigned to the property was $210,360. Although this value indicates a reduction from the 2012 value, we believe further adjustment is warranted due to the fact that the 2013 value is still not supported by the comparable sales data or the actual income performance of the property. The actual income supports a value of $86 per sq. ft. **Petitioner respectfully requests the value of this parcel be reduced to $127,624.**

11. Pursuant to C.R.S. § 39-8-107(3), Petitioner requests that the Assessor supply all data supporting the Assessor's determination of actual value to the undersigned no later than two working days prior to the CBOE hearing.
