Gunnison Sage-grouse Brood Rearing/Riparian Restoration/Resiliency Project

Thanks Jim and Nate. Looks like Nate is checking with RMEF on August 3rd for a volunteer day at Wolf.

Would either August 5th or 7th work for a volunteer day at West Flat Top for the Strategic Committee?

We could also invite other interested groups to help out on those days if OK, e.g., HCCA is interested and Matt suggested Dave Weins' trails group and Backcountry Hunters and Anglers may be interested.
I am happy to help make fliers the week of June 17th once we settle on dates.
Thanks,
Betsy
