4. Request to Pursue RS2477 Status. Assistant County Manager Crosby informed the Board that a summer resident contacted her to express concern. Tammy Ferguson, who works for Hamilton County in Utah, and her family have been coming to the area for family vacations since the 1920's. The old Williams Toll Road, an old stagecoach road dating back to 1880, has historically been used by the family and maintenance of the trail is a family tradition. She stated that her family performed maintenance on the road on 7/11/11, before the Forest Service closed the road on 7/13/11. She became concerned because the Forest Service did not notify out-of-town and out-of-state users, and she counted 125 all-terrain vehicles and cycles that had to turn around over the course of a couple of days. Because of her concerns, she requested that the County evaluate the historic value of the road and pursue RS2477 status with the Forest Service. County Manager Birnie asked the Board to consider that pursuing this process may open the issue to other roads within the County. The Board requested an explanation of RS2477 status for a future meeting.
