

Upper Crystal River Master Plan

Historic Resources

Implementation Matrix

Goal: The Upper Crystal River Valley supports the protection and renovation of existing historical structures and places as a method for respecting the heritage and scale of the Valley.	Objective	Implementation Measures	Mechanism	Resources
	1. Ensure that historic structures are identified and protected.	A. With technical assistance for the Colorado Historic Society, Gunnison County and knowledgeable Valley residents, all existing historic resources should be identified and cataloged.	Policy Directive	Gunnison County Long Range Planning, Upper Crystal River Caucus, Colorado Historic Society, Crystal River Heritage Association, Marble Historical Society
		B. Following identification, steps should be taken to provide property owners with information regarding grant and other funding opportunities that would offset some costs associated with renovation, improvements and expansions that would not compromise the historic charactersics of these resources.	Policy Directive	Gunnison County Long Range Planning, Upper Crystal River Caucus, Colorado Historic Society, Crystal River Heritage Association, Marble Historical Society
