

Waiting List

- The average wait time is eighteen to twenty-four months.
- In order to accurately provide you with the best possible service, the Gunnison County Housing Authority has streamlined the application process for Section 8 Voucher Assistance Program. The packet contains:
 - Section 8 Choice Voucher Rental Assistance Application
 - Colorado Bureau of Investigation Report
 - Credit Check Report
 - Computer Matching for Income Verification
- These forms must be filled out, signed, and returned to our office at your earliest convenience. Eligibility is contingent upon verification of:
 1. Waiting list preference
 2. Family composition
 3. Updated income
 4. Colorado Bureau of Investigation Report
 5. Credit Report

This in no way guarantees voucher placement within the program. There is a waiting list and the estimated date of rental assistance could be subject to factors which may be beyond this housing agency's control.

It is your responsibility to notify our office in writing of all changes which could potentially affect the status of your application. Failure to disclose any new information could jeopardize your standing with the Section 8 Rental Assistance Program. If we are unable to contact you by mail and/or phone, the voucher will go to the next person or family on the list.
