WHEREAS, the National Park Service's mission is to "to conserve the scenery and the natural and historic objects and the wild life therein and to provide for the enjoyment of the same in such manner and by such means as will leave them unimpaired for the enjoyment of future generations;" and

WHEREAS, in 2016, the National Park System had more than 331 million visits; and

WHEREAS, in 2016, National Park Service estimates indicate that park visitors spent more than \$18.4 billion at the sites and in the states and local communities adjacent to national parks; and

WHEREAS, the National Park Service has the obligation to preserve our nation's history; promote access to national parks for all citizens; stimulate revenue to sustain itself and nearby communities; educate the public about America's natural, cultural and historical resources, and provide safe facilities and environs to enjoy these resources; and

WHEREAS, in 2016, the National Park Service estimated a deferred maintenance backlog of nearly \$11.3 billion, which includes repairs to aging historical structures, trails, sewers, drainage, thousands of miles of roads, bridges, tunnels, and other vital infrastructure; and

WHEREAS, it is the responsibility of Congress to maintain America's national parks to ensure our natural places and our history is preserved and documented for future generations, and for the adjacent communities that rely on the direct and indirect economic benefits generated by visits to national park sites.

NOW, THEREFORE, BE IT RESOLVED that the Gunnison County Board of County Commissioners strongly encourages Congress to create a reliable, predictable stream of resources to address deferred maintenance needs in America's National Park System.
