

Gunnison county Historic Preservation
June 21, 2006

Members Present: Dave Primus , Lyda Hardy, Janice Vreeke, Ruth Dolezal, Lynn Card, Jim Barry, Laura Easley

The meeting was opened by Dave. The minutes were read. There was a spelling error which was corrected. The minutes were approved as corrected.

The first item on the agenda was the Fairview School House. Becky Rose and Ruth Rose came to talk to us about the school house. They gave us an over view of the work that has been done on the school. They are trying to get together a new board because they have lost a lot of the older board members. They are going to broaden the board members to included anyone from Gunnison. We gave her some ideas about getting the tax exempt status and where to look for some grants. We told her we would be happy to write any letters of support that she might need.

The web site is up and running. Everyone needs to take a look at it and come back with any ideas they might have. Debbie is expecting a bill from Paragon and then we will need to see where we are at with the funding. The address is gunnisonhistoricpreservation.org.. It might be nice to have a current photo and past photo for each site. Laura thought showing pictures of things that we have lost because we haven't preserved them. Before and after photos. We will talk about it again at the next meeting.

Jim said that he would like to turn over the video camera to anyone who has time to do the interviews. He just hasn't had time to get that done at the moment. No one jumped at the prospect of doing it. Jim will have the camera if anyone needs it.

Dave is going to try and set a meeting with the lady from the Salida library sometime in July. He will talk to them and then send an email out.

Dave and Jim are going to get together to try and work on the finalizing the application packet. Dave is going to work on the flow chart.

Laura let us know that she did set up a table at the City Walk Tour. There wasn't a huge crowd but there were some people out and about. She did have some inquires about how to find the different sites.

We received a nomination from the State Historical Society on the Chance Gulch site. We discussed wether or not we really needed to have a public meeting. It was decided that we didn't. Everyone will look over the packet this month and then we will decide as board wether or not to support this.

We also have a new packet from Dan Bench wanting to put the Water Tank that serviced the Gothic Mill. We will have a public hearing on this at 5:15 on July 21 before our regular meeting. Debbie gave everyone a copy of the packet to go over before then.

The mail was read. There was no further business so the meeting was adjourned by Dave.

Bin items: the next meeting is on August16, 2006

Agenda items

Public Hearing -Gothic Mill water tank

Salida trip

Packet on Chance Gulch

Bridges
