

Gunnison County Historic Preservation Commission
January 17, 2007

Members Present: Dave Primus, Ruth Dolezal, Lyda Hardy, Laura Easley, Lynn Card

Dave opened the meeting. The minutes were read and approved. Paul Gery was in attendance, representing the City Historic Preservation Commission.

The first item on the agenda is the application packet that Dave has been working on with Jim to ^{summarize} the flow of the application process. Then, also to ^{summarize} what happens after receiving designation. Dave passed it out and then went over the appendix F that shows this outline. It was moved and seconded that this be added to the packet. Motion passed. Dave will add this and then email a final copy to Debbie to be printed.

Paul had a update on what would happen to Duane Vandebush's materials if anything should happen to him. Duane indicated to Paul that it would go to the library at Western State College and that he had talked to Nancy Gauss about it. Nancy indicated that they had discussed it briefly. The City Historic Commission did not have a January meeting. They will be reviewing the intergovernmental agreement and they also will finalizing their plan for the year at the February meeting.

The cut off for the board applications to be put in was yesterday. Lynn, Laura, and hopefully Janice have put in their applications. Also, Leann Mick put her application in. Everyone will be getting a letter with the date of their interview.

May is Historic Preservation month. This years theme is "Share Colorado's past". Debbie is going to look into trying to get some posters. Debbie is going to contact Andy about it and see what ideas she has. Paul will bring it up at the Feb. Meeting at the City.

Debbie let us know that the budget came thru with all of the extra items that were requested.

Debbie let everyone know about the Feb. Conference in Denver put on by the Colorado Preservation Commission. There are lots of interesting workshops going on this year. Debbie passed out the brochures for everyone to look at and if anyone can go, please let Debbie know and she will help get you registered.

The transcribing program was discussed. Debbie went to the Paper Clip and talked to them about the transcribing. It was discussed that we need to be sure and be able to get the tapes converted over to the transcriber from the video. Dave and Debbie are going to look into this and then take care of it in the next couple of weeks.

The Chance Gulch was put on the National Register. We received notification from Mark Wolfe at the State.

The mail was passed around. There was no further business to come before the board. Dave adjourned the meeting.

Bin items: Next meeting will be on March 21,2007
