

Gunnison County Historic Preservation Commission  
September 17, 2008

Members Present: Dave Primus, Lyda Hardy, Laura Easley, Lynn Card, Paul Gery, Lee Ann Mick

Public Present: Ruth Dolezal, Justin Lawrence

The meeting was opened by Dave Primus. The minutes were read and corrected. The minutes were approved.

Justin Lawrence from the Forest Service gave us a presentation on Fairview Peak lookout tower and all of the work that has been done on it. There is still work being done on it. It was a great presentation and slide show. He would like us to think about helping with some signage for the project. Dave told Justin that he would get him the information on the signs. We also, talked about getting him to put the tower on the local register. He said he would be interested in doing this.

Justin told us that in regards to the Lucky Jack Mine project that he hasn't seen anything official from the mine. Until, he does it is not something we have to deal with. We told him that we also sent a letter to Lucky Jack letting them know that the registered sites are there.

Laura would like to attend a training in Texas. Debbie gave her the information she needs for the form and told her that the commission could give her \$350.00 toward the total cost of the trip.

The next item on the agenda was the appointment of our vacancy. Debbie was notified by Ruth in the County Commissioner's office that the commissioners did not want to fill the vacancy until after the first of the year when all of the vacancies come due. Anybody who sees the commissioners can talk to them about this issue. We assured Ruth that we do want her to serve on the board.

Lynn asked about our oral interviews and suggested Janet Templeton would be a good person to interview. Her family lives in White Pine. Debbie told her that she has all of the recording equipment and anyone who wants to do an interview is welcome to use it.

The water tank that is in Sargents was brought up to be put on the register but it is not in Gunnison County.

The mail was passed around. There was no further business to come before the commission, so the meeting was adjourned.

Agenda Items

Vacancy position

Signs

December meeting

Railroad Museum

Laura's Trip

Bin Item : There were only 3 members present on October 15, 2008 so the meeting was canceled.
