

Historic Preservation Commission
November 19, 2008

Members Present: Dave Primus, Lyda Hardy, Laura Easley, Lynn Card, LeeAnn Mick, Paul Gery

The meeting was opened in form by Dave. The minutes were read, corrected and approved.

The first item on the agenda was the vacancy position. Hap came before our last meeting and talked to us about the position. He said if we ran into problems to let him know and they would review it again, otherwise they aren't going to fill the position until January.

The next item was signage on the project Justin Lawrence is working on for the Forest Service. We have tabled it until further notice. Dave gave him the information, so we will wait to hear from Justin until we go any further.

It was agreed on that we will not have a December meeting. Paul gave a little more information on the conversation with Kenton Forest t the Railroad Museum . He would help us search on the Great Wall if we had any more information to give him. We agreed that for now this issue will be tabled until further notice.

Laura told us about her trip to Tulsa, OK to the conference. She said there was a lot of information. She did think it was worthwhile. You can get on the website and go thru some of the presentation. She talked about how beautiful the architecture is in that area. She talked about this place matters. You go stand in front of a building that you care about and have your picture taken. Then you tell why it is important to you. We all thought that was neat idea and it would be good to use around Historic Preservation week. She has lots of pamphlets and materials if anyone is interested in them.
