

Gunnison County Historic Preservation Commission
May 20, 2009

Members Present: Dave Primus, Lyda Hardy, Lynn Card, LeeAnn Mick, Paul Gery, Laura Easley

Public Hearing was brought to order at 5:15 on the Alpine Guard Station and the Fairview Peak Watch Tower. Dave asked if it had been advertised and Debbie told him it had been, for the last two weeks. Dave asked for any response in writing. There had not been any. There was no public present at the hearing. Justin Lawrence gave us a presentation on the applications. Dave asked for any discussion from the board members. There were none. It was moved and seconded that both of these applications go before the Board of County Commissioners for approval. Debbie will get copies to the BOCC secretary and get it on their agenda. She will let Justin know when she is notified.

The regular meeting was opened. There weren't any minutes to review. Will do that at the next meeting. Jan Badgley came to attend the meeting and gather some information on the board.

Justin gave us a slide show, updating us on the Fairview Peak Tower and the work that had been done last year and the work that has been planned for this year. He also showed some slides of the Alpine Guard Station. We thanked Justin for the presentation.

The first item on the Agenda was Historic Preservation Month. The big article has already been in the paper. The first couple pictures have been published also. Different members of the commission have had good feedback from the public. Debbie has had 3 inquires about putting in pictures and is working with those individuals. Debbie is working with Chris Dickey at the paper and getting him the articles and pictures for each week. Debbie also typed the article and little blurbs for the Shopper and has emailed those to Gary. Paul let us know that we were going to wait to put the article in the CB paper until we heard back from Jim Starr. Nick told Debbie that all of the information was in route to Jim Starr and Jim was going to get back with Debbie when he returned from his trip. Debbie will let Paul know when she hears from Jim. Over all it seems to be going very well.

Debbie asked for everyone to look at the schools on the website and let her know if they had any comments. We will put it on the agenda for next meeting.

Dave let everyone know that the letter had been written and sent to the BOCC, County Manager, & Building Dept. for Ian Billick

There was no further business to come before the board, so Dave adjourned the meeting.

Next Meeting will be June 17, 2009
