

Gunnison County Historic Preservation Commission
September 23, 2009

Members Present: Dave Primus, Laura Easley, Nick Lypps, Lyda Hardy

Dave opened the meeting at 5:15. The minutes were read and approved.

The first item of business on the agenda was Ray Rossman. He has contacted Debbie and Dave about the signage for the Alpine Tunnel. He has gotten a grant and needs to go thru our commission for the funds to go thru. The Forest Service can't directly accept the money. The commissioners have written a letter of support, but it was brought to Dave's attention that we(the Forest Service & HPC) would have to follow all of the County's rules. It was moved and seconded, that we would be the pass thru agency contingent on the County's rules and regulations. It was voted on and passed. Dave will contact Ray Rossman to let him know and get an update from him on the project.

Debbie let everyone know that the budget has been turned in with all of the extra money requested for the different projects discussed in prior meetings. We won't know anything about that until January.

Lyda looked up the info on the survey for the CLG. We do need to do something about a survey and we need to know if we can work off of the one we had done when we became a CLG. We have decided that we will address this with Dan Corson when he comes to meet with us. And then we will at that time make a place to take to the commissioners. Debbie will try and contact Molly in CB to find out who does their surveys and the process that they use.

There was no further business to come before the board, so the meeting was adjourned.

Bin items: Next meeting will be Nov. 18, 2009.

Agenda

November meeting
Ohio City Town Hall
Alpine Tunnel Signage
CLG conference in Feb.
