

Gunnison County Historic Preservation Commission

July 21, 2010

Members Present: Dave Primus, Lyda Hardy, Jody Reeser, Nick Lypps, Lee Ann Mick

The meeting was opened by Dave. The minutes were read and approved as read.

The first item on the agenda was the CLG grant that would normally be awarded in October has been canceled. So there won't be a grant that we can apply for to help with our survey until the spring.

WPA projects were next on the agenda and Lee Ann let us know that she hadn't had time to do any research lately. There is lots of information out there from all different agencies. Maybe next year for historic preservation month we could ask the public for information on the WPA projects.

RMBL is having a tour and dinner on August 4 for anyone who is interested.

Lee Ann reported that "Cheyenne Autumn" will be the movie shown in August. Marty Hatcher may talk about the film afterwards. It was brought to the attention of the board that the overall feeling was that the movie project that started as the project for historic preservation month is starting to take on a life of its own. It was agreed that now that we have a subcommittee for the movies that we need to have a short report from the movies committee at our meetings. They need to make the major decisions in their meetings. If it something that they feel the whole board needs to vote on then it can be added to the agenda.

Dave let us know that Erin Humble from RML let us know that they plan to replace the Murry building with a new facility. There was some confusion about what they had put on the register. Debbie will check and be sure that the Murry building was not one of the buildings listed in the packet. Also, she will check to see whether or not Gothic is listed as historic district.

Dave has been working with Mike Pelletier on showing the sites of the register on a county map with the GPS locations.

Debbie reminded everyone that she will be finalizing the budget in August and the members should think about what ideas they might have for next year.

There was no further business to come before the board so the meeting was adjourned.

Next meeting is August 18, 2010
