

Gunnison County Historic Preservation
June 15, 2011

Members Present: Lee Ann Mick, Lyda Hardy, Lynn Card, Paul Gery, Laura Easley

The meeting was opened by Lee Ann. The minutes were read and approved as corrected. The Public Hearing minutes from the American Legion hearing were approved.

First item on the agenda is the American Legion packet. Debbie has been contacted to from David Baumgartner in the County Attorney's office. He is requiring that the packet be approved by the City Council. It never actually went before council it was only discussed in workshops and there are no formal minutes for workshop meetings. So Debbie will let everyone know when it goes before the City Council so we can have someone represent us. Debbie talked to David during the meeting and it will be going before the City council on Tuesday night. Jody and Debbie have agreed to go to the meeting. Debbie will let Jody know the time as soon as she finds out.

Debbie let the board know that she is working on the CLG report that is due August 1. She needs a resume from Patti and Debbie will contact her for this.

Debbie was contacted by a woman in the CDOT office in Denver that they are going to begin work on the Twin Bridges. The entire packet has been reviewed by Dan Corson's office and approved. They just wanted us to know that the work would be going on.

Jody gave us an update on the historic preservation monthly newspaper articles. The article will be in paper the last week of the month. We are trying to find the answer to the history of the irrigation ditches in town. They haven't decided on the next question yet, but have a couple of different question to pick from. Debbie will talk to her parents and see if they have any information about the ditches.

Jody also gave us an update on the window workshop. Jody is going to meet with the lady when she goes to Denver and tour her shop. She will know more when she gets back.

Paul let us know that the movie for this month is Beyond Midnight and will be shown at the Art Center. Travis Scheefer won the race last year and he is going to check his calendar and see if he can come and talk at the showing of the film. Paul is dealing with the new director of the Arts Center about whether we are paying for the center or if they we going to charge admission. Paul will work that out with Art Center. Paul was given permission by the board to use our camera to record the history of Webster Players.

Lynn brought up the idea that was given to her from Barbara Mason that it would be nice to have a map that shows camps in the area, Lyda thought the Chamber might have some information on that kind of thing. It was suggested that we might want to have Mike come back and talk to us about locating them on a map.

Jody asked on the Clark property if anyone knew the name Emanuel Fluke. He was evidently the original owner. We gave her some names, Fay Vader & Gene Hollenbeck, to talk to about it. Jody also said there is flint knapping on the Clark property.

There was no further business to come before the board so the meeting was adjourned.

Bin items: Next meeting will be August 17

Agenda
