

Gunnison County Historic Preservation Commission
Feb 16, 2011

Members Present: Lyda Hardy, Lee Ann Mick, Patti Bippus, Jody Reeser, Paul Gery,

The meeting was opened by Jody Reeser. The minutes were read, approved as corrected.

The first item on the agenda was the introduction of the new bored member Patti Bippus. She was greeted by all.

The next item on the agenda was electing a new president. Lyda made a motion to have co chairs in Jody and Lee Ann. It was seconded and voted on. It was so moved.

The HPC conference in May will be on May 13, 2011. It will be at the Fred Field Center. Reservations are due by May 10. The board members need to let Debbie know who can be there to help and attend.

Jody gave a report on the CLG conference. There were several things that they talked about, one was enhancing the website and there are some grant moneys for that. One of the workshops she went to was fixing windows on historical buildings. The people who gave the workshop will be glad to come and give a workshop on how to do it. She had a great time and learned a lot.

Dave forwarded an email from the Rocky Mountain Biological Lab asking for a letter of support for the grant that they are applying for. Lee Ann said she would write the letter and get it to them.

Debbie told the board that she had received an email from Dave regarding the Clark property east of town. We have been contacted by Luke Danielson who is representing the Clarks. Debbie has contacted Luke's office and they are talking to several different entities about what to eventually do with the property. When Debbie gets the info from Luke she will forward it to Jody and Lee Ann.

Paul gave an update of the films. It will cost \$250.00 to get the rights to show Snowball Express. Paul was able to get a phone number for the company to get the right to show Snowbeast. He called the number and got in contact with a answering machine that told him to fax his request and he would get a reply in 4 to 8 weeks. In March we are showing Arizona Dream. There was a movie made about when Cattlemen's Days moved from WSC to Main Street and then rodeo grounds. We don't know the name of the movie and we need to see if we can find out from any of the old timers.

Debbie told the board that she has completed the training so that we qualify for community service workers. We have someone who is starting next week to scan the maps in that we wanted preserved.

There was no further business to come before the board, so Jody adjourned the meeting.

Next meeting will be on April 20, 2011

Agenda Items

May Historic Preservation Month
May workshop conference
Clark Ranch
American Legion Building
