

Historic Preservation Commission
2/20/13

Members Present: Jody Reeser, Lynn Card, Lee Ann Mick

The minutes were read and there weren't any corrections.

Lee Ann and Patti interviewed Duane Phelps. They talked to him about 2 hours. The flip camera needs a new battery, Debbie will see if she can order one.

Jody is still is working on the survey plan. She shared the book she bought in New Mexico where they published their survey.

Jody gave a brief summary of the HPC conference. She had a class on the only flume that is left in Colorado. It is Between gateway and Naturita. It is an old hanging mining flume that has been rebuilt. Jody wants to go see it. There is a video on line that you can see how they built it. She said there were lots of great classes and information. Jody talked to Molly in CB and the town of CB wants to team up with us on the window workshop.

Lee Ann brought the GSL Calendar from 2010 and is going to keep it until we get done with the downtown project. Ruth is working on gathering the last of the information and trying to fill in some gaps. She wasn't able to be at the meeting but will bring all the information at the March meeting.

There was no further business to come before the board so the meeting was adjourned.
