

Gunnison County Historic Preservation Commission  
March 29, 2014

Members Present: Ruth Dolezal, Justin Lawrence, Russ Lallier

The meeting was opened by Ruth. The minutes were read and approved as read.

The first item on the agenda is the update on Boomer's. Jody was not at the meeting, so this was tabled until next month.

Russ was contacted by Molly from CB. In May, Russ is going to lecture to the 3 & 4 graders. They are going to pick a building to research the history of. This will all be in CB but we may want to do something with that in Gunnison also. We also talked about making the presentation to Young @Heart on the downtown project for preservation month in May. We would need to set that up with them before hand. Debbie suggested that Jody would be the best person to set this up about this. We finalize this at the May meeting.

Justin talked about the building on Colorado St. being taking off the National Register. The most concern is the bomb shelter in the building. This is being tabled until next meeting as we can't vote on it, this month.

There was not enough members present to vote on the Tomichi Mill that was table from last month. It was brought to our attention that by April it most likely will be to late to weigh in on this.

Rachel will contact us about the Ohio City Hall. They received the grant to stabilize the building. Ruth had concerns that they keep the tin on the outside of the building. Also, the tin ceiling on the interior has some tiles missing and they are going to replace those.

Justin is updated the board on the meeting with BOZART over selling the ranger's station in Crested Butte. The meeting went well and he has another meeting scheduled with them next week. They are considering buying the property.

Russ is working on a website for us that we can maintain our selves. He brought it up and showed it to us. It looks good so far.

Debbie reminded the board that Dan Corson would be at the next meeting for his annual review.

There was no further business to come before the board so the meeting was adjourned.

## Agenda Items

Dan Corson  
May preservation month

Votes on the Forest Service building and Tomichi Mill  
Oral interviews

## Ongoing projects

Website  
Survey plan and outline  
Survey forms - schools
