

Gunnison County Historic Preservation Commission

Blackstock Government Center –March 16, 2016

Members Present: Lynn Card, Lyda Mary Hardy, Dave Primus, Justin Lawrence, Lee Ann Mick, Jordan Cooper

Others Present: Mike Pelletier, ERO Resources Corp. (Abigail Sanocki and Johathan Hedlund)

Justin opened the meeting. Lee Ann (2nd by Lyda) to approve the minutes. It was approved unanimously.

Justin described the status of the survey project and introduced members of ERO Resources Corp. The group discussed areas of the county and resources to focus on for the project. It was decided to hold a public outreach effort on April 20th to gather input from the public on the possible sites to investigate.

The group discussed the possible location of oral histories. It was suggested they may reside at the public library or in the HP file cabinet. The group discussed the need to clean and purge the HP file cabinet. Lyda said she would get with Mike to work on it.

The certificate of alteration that was approved for the Ohio City hall was discussed and the original could not be located. Lee Ann showed that the minutes reflect it was approved and Justin said he would recreate the form for the applicant.

Mike updated the group regarding the budget. There is currently about 45% of the budget left for the year or about \$1,000.

Dave provided an update on the Mountaineer site. He said that basically some letters have been exchanged but no real progress has been made.

Mike described that now all the school information is on the HP website.

Lee Ann discussed with the group data sources for the downtown project and that the interns are currently working on the project.

Justin gave an update on the USFS status with regard to the Alpine tunnel damage. They will assess the situation once the snow is clear and likely close the road to the public.

Dave described the picture of Chipeta Falls that was sent in by a citizen and that he would see if the WSCU library would keep it.

Meeting adjourned at 6:10
