

Gunnison County Historic Preservation Commission

Blackstock Government Center – November 15, 2017

Members Present: Jody Reeser, Jordan Selk-Johnson, Dave Primus; Lynn Card

Others Present: Mike Pelletier (staff)

Dave opened the meeting. The minutes from the last meeting were not completed and so were not discussed.

Jody was pleased to report that she was appointed to the state group that approves state historic fund grants.

The group discussed the proposed name change of Adams Street to Western Way within the City of Gunnison. The group did not know for which Adams the street was named after. The group asked Mike to relay to the City that it would be nice to keep the Adams name for the portion south of Hwy 50.

The group decided to continue the customary tradition of not having a meeting in December.

Jody described a visit to the Episcopal Church in Gunnison with Lee Ann to review its historic architecture.

Meeting adjourned at 5:30.

Note: The road name change proposal does not include the portion south of Hwy 50. Mike relayed the HPC's comments to the City.
