

## **Gunnison County Historic Preservation Commission**

Blackstock Government Center – January 16, 2019

Members Present: Justin Lawrence and David Primus

Others Present: Mike Pelletier (staff)

---

Justin opened the meeting. Minutes were not reviewed due to lack of a quorum.

Justin mentioned that the Crystal grant got submitted and should be decided upon in a few months. He noted that our CLG status became active on March 24, 2006.

The group asked Mike to look into creating a County email that is generic for HPC so it can remain constant with changes in staff.

The group should discuss at the next meeting about whether to keep the old email and web URL with Paragon Computers. Also, we should discuss what to do with the Preservation Forum available through the HPC's membership with the National Trust for Historic Preservation.

Meeting adjourned at 5:30.
