Jody opened the meeting and the group didn't review the minutes from the last meeting due to a lack of a quorum.

Jody asked if anyone had concern regarding resigning the letter to support a grant to rebuild the wall near the Alpine Tunnel. All were in favor.

Jody said she sent a building list to Tristen Coleman regarding the walking tour.

David said he sent a letter to Cara Guerrieri to have her review the write-up on this year's Historic Agriculture Honors award. He hopes to get it into the papers in the coming week.

Jody asked if anyone has historical knowledge of the home at 330 White Rock Ave. She was wondering if it had been moved down from Irwin.

Kathleen said she has been volunteering a lot at the Pioneer Museum and working on the Doyleville schoolhouse. She also would like to give a tour for HPC members in the Doyleville area. The group was enthusiastic about the possibility.

Mike said he is hoping to work on maps of the Doyleville and Ohio Creek valleys in the coming months.

Meeting adjourned at 5:30.
