

## **Gunnison County Historic Preservation Commission**

Regular Meeting – June 19, 2024

Members Present: LeeAnn Mick, Shelley Popke, Jody Reeser

Others Present: Zoe Keith (student intern), Mike Pelletier (staff)

---

Jody opened the meeting and did not ask for a vote on the minutes due to a lack of a quorum.

There were no updates on the walking tour, downtown signage, or Somerset projects.

Zoe told the group that she put the ad for nominations to the Historic Agricultural Significance Award in the two newspapers in June. The group said the only nomination is for the Allen Ranch and that they should receive the award this year. LeeAnn said she would work with the Allens to put together a writeup about their ranch.

Jody and Mike gave a review of a zoom meeting they attended with other County Certified Local Governments put on by Lindsey Flewelling from History Colorado. Issues discussed centered around how best to promote history endeavors with the public and within local governments, as well as, to show their economic contribution.

The group went through the draft resolution changes that Mike put together and discussed various issues. Mike said he was meeting with Lindsey next week and that he could likely go through the issues with her, and the group decided that was the best course of action.

The meeting adjourned at 5:45.
