

## **Gunnison County Historic Preservation Commission**

Regular Meeting – September 18, 2024

Members Present: LeeAnn Mick and Heather Thiessen-Reily

Others Present: Mike Pelletier (staff)

---

Minutes were not reviewed due to lack of a quorum.

Heather said that Zoe Keith (Western Student) has finished the Somerset exhibit, and it can be viewed on the 2<sup>nd</sup> floor of Kelley Hall on the East end. She also said she chatted with the coordinator of the Mining History Association about his excitement for the Somerset history research and oral histories. They will be holding a conference at Western next summer.

Mike said that Zoe Keith was appointed to the Commission by the County Commissioners and that David Russell was reappointed as well.

Heather said she would put together a writeup on the value associated with a historic building surveys of Somerset so that the County Commissioners can make a fully informed decision about whether to pursue it or not.

LeeAnn said she would make another effort to get a write-up about the Allen family for the award. She said her and Commissioner Houck had a good conversation about how best to do the award presentation.

Heather and LeeAnn both liked all the red changes in the draft resolution document. Heather said she agreed with LeeAnn about having alteration certificates being triggered by building permits. Heather said that after the resolution changes are adopted by the County Commissioners, she would like her students to create a public friendly version to help relay the important information.

LeeAnn said that community members are working on the Fairview Schoolhouse and that there should be a write-up in the papers in the coming weeks.

The meeting adjourned at 5:30.
