#### Loan Refinance

- If sufficient funds are available and I meet the requirement for the refinance loan, I will be allowed to replace an existing loan with a new loan and request an additional amount.
- The refinance loan term cannot exceed the shortest term of all outstanding loans and cannot be refinanced if less than the minimum term allowed by my Plan.

### Detailed Loan Information

#### Amount of Loan

- The maximum loan amount is generally the lesser of 50% of the vested account balance or \$50,000.00.
  - This amount must be reduced by any current total outstanding loan balance from all qualified plans sponsored by the employer.
  - Additionally, this amount must be reduced by the excess, if any, of the highest total outstanding loan balance of all loans for the previous 12 months ending on the day before the date this loan is made minus the current outstanding loan balance.
- Service Provider is not responsible for aggregation of loans under different plans maintained by the same employer.

#### Cost

- A loan origination fee in the amount of \$50.00 will be deducted from the loan approved amount.
- An additional annual loan administration fee of \$25.00 will be deducted from the account in quarterly installments of \$6.25 until the loan is paid in full.
- If I am a resident of the State of Florida, a documentary stamp tax is payable to the state. More information is available at: <http://www.myflorida.com/dor/>.

#### Interest Rate Determination

- The interest rate is the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated plus 1% and is fixed for the life of the loan.
- The interest I pay on this loan is not tax deductible.

#### Source and Application of Funds

- All money sources and investment options will be disbursed according to the Plan rules.
- If I have a self-directed brokerage account, the loan cannot be processed unless I have sufficient funds in the core investment options (Non-self-directed investment options) to cover the loan amount plus the core minimum investment amount.
